

# INITIATION INTO MATHEMATICS

A Mini-MTTS Programme

3-8 December, 2018

**Kohima Science College, Jotsoma, Nagaland**

(An Autonomous Govt. PG College)

## ABOUT THE PROGRAMME

- This will be a week-long training programme for **Second year undergraduate (B.Sc/Integrated M.Sc.) Mathematics** students.
- The participants for the programme will primarily be students from the institutions in the **North East region**.
- The programme is funded by the National Board for Higher Mathematics and is organized under the aegis of MTTT Trust.
- There will be courses in Linear Algebra, Real Analysis, Number Theory/Combinatorics and Foundations.
- Participants will be provided with food and study materials. Further, outstation participants will be provided with lodging and will be paid sleeper class train fare or equivalent bus fare.

## ORGANIZING COMMITTEE

Patron: **Dr. Lily Sema**  
Principal, Kohima Sc. College

## THE MTTT TRUST

From this year, all programmes under the umbrella of MTTT are being organized by a non-profit educational trust titled MTTT Trust. To know more about the Trust, please visit [mtts.org.in/mtts-trust](http://mtts.org.in/mtts-trust). Those who wish to organize Mini-MTTT or PTMT programme can visit [mtts.org.in/organize](http://mtts.org.in/organize) and apply online.

## THE ORGANIZING INSTITUTE

The Kohima Science College, Jotsoma, accredited as a Grade A college by NAAC in 2011 and 2017, is an acclaimed institute for Post Graduate science education in the State of Nagaland. Set up in 1961, it has been engaged in fostering the spirit of inquiry and nurturing a knowledge ecology that strengthens the knowledge base of the students to propel them to higher studies and other technical arenas. ## ABOUT MTTT PROGRAMME

The Mathematics Training and Talent Search (MTT) programme is one of the most popular and significant training programmes in India. This programme has been running since 1993 and has made an impressive impact on mathematical scenario in the country. The faculty consists of active mathematicians with a commitment to teaching and are from various leading institutions. The aim of the instructions is not to give routine lectures but to stimulate the participants to think and discover mathematical results.

Mini-MTT programmes are shorter version of the main MTT Programme. These are organized at regional level so as to provide opportunities to a larger number of students who do not get a chance to participate in main camps of the MTT.
